Commercial Strategy • Market Intelligence • Business Development

Profile

Commercial strategy and business development professional with 7+ years of international experience across infrastructure, logistics, investment, retail operations, and cross-border commercial environments. Experienced in market analysis, pricing and ROI modelling, pipeline evaluation, stakeholder coordination, and supporting management decision-making across complex projects and international markets. Comfortable translating analytical insights into practical business action within fast-moving and cross-functional environments. Particularly interested in mobility, technology-driven business models, and strategy-focused roles combining analytical thinking with execution.

Core Strengths

Commercial Strategy	Market & Competitive Analysis
Business Development	KPI & Performance Analysis
Pricing & ROI Modelling	Opportunity Assessment
Cross-Functional Coordination	Stakeholder Management
Commercial Planning	Executive Presentation Support
Market Intelligence	Process Improvement
Excel & Power BI	Structured Problem Solving

Professional Experience

Business Development Analyst

Nov 2022 – Jan 2025

Astana-Stroi Invest LLC (DAL Group Holding) — Europe & CIS

- Supported international commercial projects from early-stage assessment through proposal development, pricing alignment, and strategic evaluation.
- Built pricing, cost, and ROI models for projects valued at EUR 500K–2M, supporting management decision-making, commercial prioritisation, and resource allocation across EUR 5M+ in annual pipeline activity.
- Coordinated cross-functional inputs across sales, finance, legal, and operations to align commercial assumptions, timelines, proposal readiness, and market opportunity assessment.
- Helped standardise proposal structures and commercial evaluation approaches across subsidiaries to improve consistency and execution quality.

Graduate Project Contributor – Consulting & Sustainability

Sep 2023 – Oct 2024

HSBA Hamburg School of Business Administration — Hamburg, Germany

- Contributed to applied consulting and sustainability-focused projects involving implementation planning, stakeholder communication, and structured project coordination.
- Supported PRME reporting development through standardised reporting structures and handover processes to improve continuity and transparency.
- Contributed to the preparation and positioning of the StePs Stewardship initiative, supporting rollout planning and stakeholder-facing materials.
- Helped design and facilitate a Sustainable Innovation Day for Nordzucker around a real business challenge.

Business Development Advisor – Trade & Investment

Nov 2020 – Aug 2022

Kazakh Invest National Company JSC — Europe & CIS

- Managed and developed a pipeline of 50–80 international companies across trade, investment, and market-entry opportunities.
- Advised stakeholders on market entry, pricing conditions, logistics considerations, and cross-border commercial risks.
- Provided market and trade-flow insights to support expansion planning and commercial decision-making.
- Coordinated with logistics providers, customs authorities, and regulatory stakeholders to support smoother cross-border execution.

Area Operations Manager

Jan 2017 – Sep 2018

Amazon — United States

- Led 100+ employees in a high-volume operational environment focused on workflow performance, execution quality, and operational efficiency.
- Increased throughput by 15–18% through process improvement and operational discipline.
- Reduced cost per unit by 10–12% through workflow optimisation and improved labour allocation.

Sales Manager – Retail Operations

Aug 2014 – Jan 2017

Bridgestone Americas — United States

- Managed regional sales activity across B2B and B2C channels, combining account management, forecasting, and customer support.
- Managed a mid-seven-figure portfolio and delivered consistent double-digit growth through proactive business development.
- Improved customer retention by 20% through stronger account support and targeted upsell activity.
